EVALUATION see below PLACE OBTAINED 25X1C DATE OF CONTENT. DATE OF CONTENT. DATE OF CONTENT. DATE OF CONTENT. 25X1C ATE PREPARED 8 June 1953 REFERENCES. PAGES 2 ENCLOSURES (No. & TYPE). REMARKS 25X1X 25X1X 25X1X 25X1X 25X1X 25X1X 25X1X 3. On 11 April 1953, source observed for the first time a semi-underground building with a gable roof, about 40 meters long, 15 meters wide and 2 meters above the ground and an entrance a 15a front side, in the northern section of Welsow sirfield where proviously four concrete mixing medimen had been seen. 2- About noun on 6 May, 20 11-28 and Uil-28 planes were parked along the taxiway beast of the runway. The planes apparantly had a tactical symbol on the upper edge of their rudder assemblies. 3. Two concrete mixers and a crane were observed on the eastern edge of the field near the sput track. Source did not observe any new constructions from the west side of the field, although the red bricks, previously seen, had dis preserted and were replaced by a large quantity of white bricks. 4. A bwrbed-wire fence with wooden poles, about 3 meters apart, started in the south about 200 meters north of triangulation point 109-7, which is about 1 km north of Rosendorf, and extended almost exactly to the east as far as a point northeast of Licenke. Along the western border of the field, the fence extended along the Rosendorf-Lindenfeld road. Lindenfeld was coupled by civilians. 3 5. A well canouflaged AA gun caplacement was located just south of the Bahnsdorf-Petershein rudirond line. A gentry patrolled the emplacement in which 6 gun barrels were individually observed. 6. A redio installation with one mast and a radar act, probably of type SGA-602, were observed onth of the area which was recently survounded by a double fence, in the northern corner of the field. The radio installation with one mast, previously believes in the extension of the runway at the entrance to level-Welcaw was recently have as a radio truck on blocks with a small ladder leading up to its door. Comment. The purpose of this newly erected building is not known.

2. Comment. Welzow airfield is occupied by a bomber regiment. The reported number of Il-28s at the field agrees with the assumed aircraft strength of the regiment.

3. Comment. For course of fence around the field, see Map GSGS 4414, sheet 4450.
